

Club Diaries has developed a unique and fun way of rewarding its Member of the Year.

In the year 2013 we will be offering one of the following subsidised holidays to one of our members. Example; at last check the 7 night Las Vegas holiday was valued at \$9,000 and can be purchased for \$1,000. Regardless of any possible price increases over the next year our price will not increase.

Yes some luck is involved but everyone can easily increase their chance of being Member of the Year. [For more info click here](#) .

NOTE: The choice of any of these holidays is not the only advantage of being a member of this website.
